

Trimester Poster

You will create a poster outlining 1 trimester in a human pregnancy.

Posters will be put up on the classroom wall. You will have 2 classes to work on your poster. Include the following information:

Title - 1st/2nd/3rd trimester and period of time for the trimester.

- Characteristics of embryo or fetus during the trimester.
- Movement of embryo or fetus during the trimester.
- Weight/size of embryo or fetus during the trimester. Have the equivalent weight of an object to compare to the weight of the embryo/fetus. Poster must have at least two diagrams comparing the weight/length of the embryo/fetus to an object.
- Diagrams of embryo/fetus. Must have at least 2 diagrams – found on page 100 in your textbook
- Creativity/Effort
- No empty space
- Poster must be coloured
